Insurance protection for the precise needs of Law Offices

Strong, reliable protection

Zurich North America Small Business is committed to the small business market. *It's big business to us – it's all we do.*

Zurich North America Small Business has a long history of providing insurance protection to meet the needs of a variety of small businesses. As part of one of the leading insurance-based financial services providers in the world, our financial strength, experience and commitment make Zurich North America Small Business a partner you can trust.

Tailored coverage for Law Offices in one portfolio package

The Office Insurance Program provides outstanding protection for small businesses of all kinds. It combines broad property, liability, commercial auto and umbrella coverage. It also includes protection specifically designed for Law Offices, such as:

- **Valuable Papers & Records Coverage** – for the cost to restore information from documents, such as case files, legal records, deeds, abstracts or law libraries.
- **Money & Securities Coverage** – protection against the theft of money being held for client bail, as well as for jewelry and other valuables held as collateral for bail.

- **Fine Arts Coverage** – for painting and other pieces of art displayed in the law office.
- **Business Income and Extra Expense Coverage** – protects you against loss of income (based on billable hours) from business interruption for up to 12 months, and can pay the cost of necessary extra expense to keep you in business.

What makes Zurich North America Small Business the best choice for Law Offices?

- A broad array of customized products and services tailored to meet the insurance protection needs of your business
- State-of-the-art technology, plus efficiency that enables us to serve you better and at a lower cost
- Flexible billing and payment options that help meet the financial planning needs of your business
